### School Attendance/ Late to school

Thank you to all parents for your commitment to ensuring your child (ren) attend school every day in line with the Dept. of Education and Trainings, **Everyday Counts strategy**. The improvement in attendance to 94.0% is a significant improvement over attendance rates at the start of the year. Our 2016 target is 95% which is very achievable given the commitment of families to date. Let us together continue the great work and ensure **EVERYDAY COUNTS**.

Every day, we have between 10-20 students arriving late to school which not only disrupts their own learning, it creates issues for the class as the teacher cannot deliver critical learning concepts to the whole class etc. The reasons offered for being late, in most cases highlights organisational issues on the part of parents and students relating to being organised and ready to be at school. Commencing this week notes will be emailed to parents highlighting the impact of arriving late to school on their child’s learning. If your child is in the habit of arriving late to school please review the real circumstances that contribute to this lateness. Strategies to address this issue can be simple such as setting alarm clock for an earlier start to the day, being organised the night before with clothes, lunches and departure times.

### Homestay Families required – do you have a friendly home with spare bed(s)?

Next term, in weeks 1 & 2 our school is hosting a 14 day international tour group as part of our exchange program. Currently we are seeking families to host students from Taiwan for the period of the visit. The preferred placement is that families host 2 students to assist with communication and cultural differences. A daily financial allowance is available to assist with the homestay. If you are interested in hosting our guests please email the school office on admin@hss.eq.edu.au or call the office on 55561333 for an application form. Options re the homestay period in your home can be negotiated where necessary. If you cannot assist but know of suitable families for our visitors please forward the contact information to them. Lets us show our visitors how friendly the Helensvale community is international visitors.
Whole school Assembly

This term we are trialling a change to our whole school assemblies. The first and last week of the term will be the only whole school assemblies held this term. The annual Anzac Day whole school ceremony will continue as normal being held on Friday 23rd April.  The trial aims to maximise learning for students. Sector meeting will continue to be held on the fortnightly cycle commencing in Week 2.

Response to Intervention – Term 2

Week 2 sees the commencement of our Response to Intervention across all classes from Prep to Year 6. The school invests a significant amount of money to employee additional Teacher Aides and also re-directs many school staff into squads to work with small groups of students. This intensive targeting of teaching is to ensure students are given the opportunity to time to develop and master knowledge and skills critical to the development of their reading or numeracy skills. We look forward to the commencement of this program.

**ICAS (International Competitions and Assessments for Schools)**

Students in Year 3,4,5 and 6 are being offered the opportunity to participate in the ICAS English and Maths competitions in August this year. Students who have expressed an interest in taking part have been given a note to take home to their parents/careers. If your child wishes to participate, please ensure that you return the permission slip to school by 22 April. Each test costs $8 and invoices will be raised after 22 April. Payment will be required by 20 May. If your child has not been given a note, but you would like them to participate, please contact me or your child’s class teacher and we will ensure
that they are given the necessary paper work.

Participating students receive a report and an award certificate which serve as useful evidence to support applications for Excellence Programs (particularly for high school). If children participate each year, they also get information about their progress over time.

What people are saying?

What a relief to have two sessions a program that preserves the sanity of the child and contains the self of both the parent and the child and is actually easy to remember when memory is the first thing to go.

I realized quickly that the 1-2-3 Magic can be a nonintrusive preventative measure that any parent can use to avoid raising a child, who later down the line, needs intensive discipline or grows out of control.

Who’s coming?

The facilitators are experienced parent educators who work to support and strengthen family relationships.

Community for Children is funded by the Australian Government Department of Social Services.

Aboriginal and Torres Strait Islander Mental Health First Aid Course

We respectfully acknowledge the traditional custodians of the Beautiful land in which we live, work and play on, and pay our deepest respect to our Elders past, present and future.

This two day course is conducted by the Aboriginal and Torres Strait Islander Health Service, Gold Coast Hospital and Health Service and on occasions may be co-facilitated with other services.

Mental health first aid is the help provided to a person who is developing a mental health problem, or who is in a mental health crisis, until appropriate professional treatment is received or the crisis resolved. Mental Health First Aid Strategies are taught in evidence-based training programs authored by Mental Health First Aid (MHFA) Australia and conducted by MHFA Instructors across Australia.

The Aboriginal and Torres Strait Islander Mental Health First Aid Course is designed as a 14 hour course, typically conducted in 6 modules that we are holding it over two days.

This course teaches health professionals and community members (16 years and over) how to assist an Aboriginal or Torres Strait Islander adult who is developing a mental health problem or in a mental health crisis.

**Who can attend the course?**

This course is targeted to Gold Coast Aboriginal and Torres Strait Islander community members over 16 years old.

However, if there are vacancies the course will be made available to Aboriginal and Torres Strait Islander Community members from outside of the Gold Coast, Non-Indigenous Community members and staff of services working with Aboriginal and Torres Strait Islander clients. Please contact the service to confirm availability.

Please note: this course is not a cultural awareness, therapy or support group rather it is an education course to learn how to give first aid to others.

**What the course covers**
- Aboriginal and Torres Strait Islander social and emotional wellbeing
- Mental health problems in communities
